

# Blesbokspruit Forum

**VISION**  
To promote a healthy, safe and sustainable environment that is fit for all uses through interactive stakeholder participation within the Blesbokspruit Catchment.

## MISSION

To provide a platform to assist in the development of an Integrated Environmental Management Strategy for the Blesbokspruit Catchment through stakeholder participation.

## OBJECTIVES

- ✓ To promote the protection, use, development, conservation and management of the environment of the Blesbokspruit Catchment;
- ✓ To develop and implement short, medium and long term goals of an Integrated Environmental Management Strategy of the Blesbokspruit Catchment;
- ✓ To effectively communicate and inform the goals of an Integrated Environmental Management Strategy of the Blesbokspruit Catchment; and
- ✓ To provide the opportunity for all role-players to participate in a forum that is transparent and representative of the Blesbokspruit Catchment.

The Blesbokspruit Forum, in promoting the aims of the National Water Act (Act 36 of 1998), is a non-profit organisation consisting of all role-players participating in environmental management of the Blesbokspruit and Suikerbosrand Catchments. Committed role-players include Government Departments, NGO's, Local Authorities, Mines, Industries, Water Service Providers and the general public. Forum meetings are held quarterly where role-players can actively participate in management of the catchment.

The Blesbokspruit Forum Management Committee has been established to co-ordinate and manage activities for and on behalf of the Blesbokspruit Forum. For further information regarding the activities of the Blesbokspruit Forum, please contact:
